UNI WORTH LABORATORY

HIGH QUALITY COMPATIBLE REAGENTS

FOR HIGH VALUE RESULTS

Uniworth laboratory is founded in the year 2000 by Dr Mahesh Mehta. It is the first company in India to manufacture compatible hematology reagents for all major 3-part differential cell counters. We develop, manufacture and promote Hematology reagents for human benefits. The company supplies reagents directly to dealers as well as cell counter manufactures on an OEM basis. All our products meet strict quality principles. Uniworth laboratory is well-known brand throughout India due to its potential of manufacturing high quality, extremely reliable and very economical solutions for all hematology needs.

All Our Reagents Are Cyanide Free, Non-toxic, Thus Protecting Human And Environment. Thanks to its large and modern facilities, Uniworth laboratory can produce 10 tons of reagents per week.

It is an easy substitute for recommended reagents with our products. No major technical changes in the machine are required. Calibration may be needed, only once, for parameters like MCV and Hemoglobin. Uniworth laboratory manufactures reagents for cell counters made by all leading companies, Abbott®, ABXHoriba®, BeckmanCoulter®, Mindray®, Sysmex®, Nihonkohden®, Diatron®, Medonic®, Micros®, Erma Pce®, Mythic® (ALL products and company names are trademarks TM or registered® trademarks of their respective holders.
